Dear Brian:

Re: Asphalt Paving Work at 600 Liverpool Road

We wished to follow up with you to thank you for your excellent work, not only in the paving job you provided for our roadway, but also your skillful co-ordination in its completion.

All the many details encompassed in this asphaltting job were addressed and followed through on with great efficiency. In particular, a crucial aspect of this job was our reliance on you to synchronize all aspects of the job with our event centre's caterer and his on-going functions. Timing was a key factor in a successful completion of the work. Your prompt and professional handling of this job is much appreciated.

Thanks, again, for a job well executed, and please pass along our thanks to your knowledgeable and capable crew.

Yours truly,

PICKERING HARBOUR COMPANY LIMITED

Harold G. Hough,
President
